Software Analysis and Design I and II   Discrete Structures
Supervised C++ Programming Lab   Computer Architecture I

PROJECTS
"Little Farm"   October 2017
- Implemented a simple framework for a farming RTS game
- Designed strategies that prevented Tractor objects from overlapping on the game board

"Dictionary"   December 2017
- Implemented a Dictionary class that emulated the existing map C++ container
- Designed Dictionary class so that items could only be identified through their given keys

EXPERIENCE
Intern, **STEP Visual Communications,** New York, New York, July 2015 – August 2015
- Organized company samples, brochures, advertisements, and other printed materials
- Identified problems with the company website such as dead links and missing file attachments
- Assisted in the search for potential clients by analyzing competitors' websites to determine what advertising tactics were used that lead to their success

ACTIVITIES
Member, **Pilipinos of Hunter**, Hunter College   2016-present
- Worked with other club members to promote an understanding and appreciation of the Filipino culture and to engender a sense of community with club members

Member, **GSA (Gay Straight Alliance) Club**, Midwood High School   2014-2015
- Collaborated with other club members to plan and organize schoolwide events, such as the Day of Silence, which helped raise awareness around bullying of LGBTQ students
